

# SOLID CARBIDE REAMERS & BURRS

## Solid Carbide Reamers

### Features

- General purpose reaming in all materials including steels and alloys
- up to rc50, stainless, aluminum, brass, bronze and plastics
- Straight flute Right Hand Cut
- 45° Lead Chamfer
- 4 flutes up to 1/4, 6 flutes over

Dia.	Length Of Cut	Overall Length	Order #	List Price
3.0	16	57	36310	1503
3.5	19	57	36362	1642

10.0	38	102	36898	5229
11.0	38	102	36926	5852
12.0	38	102	36946	7562

## Solid Carbide Burrs

### Features

- Double Cut** - Right and Left hand flutes combined to produce super smooth finishes. - Slight left hand cutting action gives excellent control of the burr and grinder.  
**Single Cut** - Right hand spiral flute. - General purpose use on cast iron, steel, copper and brass alloys. - Designed for rapid stock removal and excellent surface finishes.
